CONTRIBUTION FACT SHEET

FEDERAL CONTRIBUTIONS

The DNC may accept up to \$20,000 from individuals who are U.S. citizens or permanent residents and from partnerships in a calendar year for use in connection with federal elections. Both spouses have their own limits. Therefore, a couple may give a total of \$40,000.

Individuals may give up to a total of \$25,000 per calendar year to all federal candidates, federal political action committees, federal party committees and the federal accounts of national party committees combined.

A partnership contribution counts against the partnership's contribution limit, as well as each partner's individual limit on a proportionate basis.

NON-FEDERAL CONTRIBUTIONS

In addition to giving federal contributions, individual U.S. citizens and permanent residents, as well as partnerships, can give an unlimited amount in non-federal contributions to the DNC, which is used to support non-federal election efforts and Party-building activities.

POLITICAL ACTION COMMITTEES (PACS)

Federal Contributions

The DNC may accept up to \$15,000 from a federally registered, multi-candidate PAC per calendar year for use in connection with federal elections.

Non-federal Contributions

In addition to giving federal contributions, any PAC, including state PACs, can give an unlimited amount of non-federal contributions to the DNC.

CORPORATIONS AND UNIONS

Federal Contributions

Corporations and unions are prohibited from making contributions from their treasuries to federal candidates and committees.

Non-tederal Contributions

Corporations and unions may make unlimited non-federal contributions to the DNC.

MANAGING TRUSTEE/TRUSTEE PROGRAM

Within its legions of contributing members, the Democratic National Committee looks toward a small group of dedicated supporters for the leadership needed to take the Party and the country into the text century. The Managing Trustee/Trustee Program is a small circle of the Party's most committed, influential members.

Members of the Managing Trustee and Trustee Programs include CEO's of Fortune 100 companies. Wall Street leaders, members of the entertainment community and founders of successful small businesses. The Council includes members from every region of the country, bringing to the Party a wide range of knowledge and experience. Trustees serve as valuable spokespersons and counselors, guiding the Democratic Party in its effort to make government an asset to American families and businesses.

Managing Trustee and Trustee memberships are annual. Throughout the year, members meet regularly with Party officials to offer insight and provide leadership on issues facing the Party and the country. Through forums, policy retreats and conferences, these business community leaders facilitate dialogue between the public and the private sectors.

The President and the Vice President recognize the contribution the Trustees make to ensuring the success of the Party in the 1996 elections by expanding the Party's base of support. Through outreach in the business community, the Trustees strengthen our Party's foundation.

Re-electing the President and regaining Democratic majorities in Congress mean successfully competing with the unlimited resources and organization of the Republican Party.

The Managing Trustee and Trustee Programs are the true foundation of the Democratic Party. Leaders dedicated to this pinnacle of support are recognized as special friends of the Party and are accorded VIP guest status at all DNC events, including the Democratic Convention.

DEMOCRATIC BUSINESS COUNCIL

The Democratic Business Council (DBC) is the Democratic National Commutee's donor program for the business and corporate community. The DBC was designed to encourage and facilitate the community partnership between the business community and Democratic Party Leaders. With eighty percent of the DBC members living outside of Washington and representing 42 different states, the National Journal dubbed the DBC as the "... true success story..." of the DNC's fundralising activities. Sixty percent of these members have never given to a Democratic candidate. The DBC has been extremely successful in reaching out to the business community as over two-dutes of our members are CEOs of large corporations or presidents of small businesses.

DBC members interact with party leaders through issue conference retreats, such as our annual Washington Issues Conference and 1996 Winter retreat, and monthly issue briefings. The DBC monthly issue briefings address current topics ranging from the environment to the estopolity. The DBC serves as an important they say the beltway resource for the DNC and ensures that the people with the experience and answers we need are included in our national Party's decision making process.

The goals of the DBC are two-fold: first, to continue to generate support from our nations 5 business (enders for the national Democratic Party and President Bill Clinton's agenda for fundamentally changing the American economy; second, to build the institutional finance base of the Democratic National Committee.

(candidate, FL-15), Dennis Scott (Orlando Magic)

300

Overhead costs: \$5500 for satellite feed, \$300 for waitstaff compensation, \$80 for off-duty police

presence at site. Club was donated, courtesy of Mark NeJame and John Morgan (co-

owners)

Total take:

\$41,360 (includes \$5000 underwriting cost)

Lists

The event was built around a 25-member steering committee (see attached list) that was derived from Jim Pugh's "Orlando Clinton/Gore Finance Committee" list. Each member was asked to write or raise \$2000. Other contributions were solicited from the following lists:

List of people who received invites (former Chiles, Graham, and Clinton/Gore contributors from 7 surrounding counties).

Unions

Environmental organizations

Black business

Women's groups

Hispanic clubs

Gay/Lesbian political organizations

The Orange County DEC sent automated phone messages to all numbers on the "invitees" list. Extensive phonebanking followed up these calls. Each Democratic-leaning organization was contacted and asked to sell tickets, with particular emphasis on unions. Elected officials and candidates were invited, but asked to help sell individual tickets.

Press

A wide range of press efforts were undertaken, with very limited results. The Orlando Sentinel and most community papers carried announcements of the event, but post-event press was scarce. Press work continued until the day before the event.

Turnout

In order to ensure high turnout, the organizer discounted tickets to members of the Young Democrats, Rainbow Democratic Club, and to others on a case by case basis. The DEC and Y.D.s were very helpful in producing experienced volunteers to organize and staff the event. About 80% of those who said they would attend actually attended.

Analysis

Participation from unions, elected officials, and candidates was poor. Unions argued that they contribute on a national level and many hid behind technicalities that they said prohibited them from participating. Hispanic organizations and Black businesses did not perform as well as the organizer had hoped, but Gay/Lesbian and environmental organizations were supportive.

The organizer encountered a high degree of donor fatigue, which was exacerbated by the announcement of a 9/6 Presidential visit 6 days before the event.

The cornerstones of this event were Jim Pugh, Dick Batchelor, and Roy Lassiter, who each brought in around \$5000.

Fundraising for Democrats is tough in this town, but I hope the upcoming Presidential visit will prove easier than the Birthday Celebration. Phone banks are important here - if anything it lets folks know there is a campaign going on. Orange County is short on Democrats and those that do exist are not well organized. Young and College Democrats are undeveloped. The DEC does keep excellent voter lists and could play a strong role in GOTV operations. However, they were unable to muster substantial financial backing for this event. Orlando suffers from a largely ambivalent public, a conservative-leaning monopolist newspaper, anti-government talk-radio, and the sort of group-think displayed by many Southern boomtowns such as Charlotte and Richmond. However, locals do seem particularly focused on local issues, such as schools, crime, and transportation. For national Democrats to fare well here, they must be willing to put extra effort on exposure and they must find a way to appeal to the public's locally-focused, parochial interest.

funding to the Florida Coordinated Campaign as well as the DNC.

What you need to stress:

The individuals in this meeting have been very helpful over the last 4 years with fundraising efforts in South Florida. Thus they need to be reminded how important this last push is to winning the state of Florida, and thus a victory for the President and Vice-President in November.

April 24, 1996

Armin Seifart, Esq.
Deputy General Counsel
Hamilton Bank
3750 N.W. 87th Ave.
Miami, Florida 33178

Dear Mr. Seifart:

Per your request, this will confirm that it is lawful for the Democratic National Committee to accept a contribution to its Building Fund account from a national bank.

Section 316(a) of the Federal Election Campaign Act of 1971, as amended ("FECA"), 2 U.S.C. \$ 441b(a), provides, in pertinent part, that:

It is unlawful for any national bank. . . to make a contribution or expenditure in connection with any election to any political office. . .

FECA provides that the term "contribution", when used in the FECA, is defined to exclude:

any gift, subscription, loan, advance or deposit of money or anything of value to a national or State committee of a political party specifically designated to defray any cost for construction or purchase of any office facility not acquired for the purpose of influencing the election of any candidate

in any particular election for Federal office.

2 U.S.C. \$431(8)(B)(viii). The FEC's regulations, 11
C.F.R. \$ 114.1(a)(2)(ix), further provide that:

For purposes of part 114 and section 12(h) of the Public Utility Holding Company Act (15 U.S.C. 791(h))--...

(2) The term Contribution and expenditures shall not include-

(ix) A gift, subscription, loan, advance, or deposit of money or anything of value to a national committee of a political party or a State committee of a political party which is specifically designated for the purpose of defraying any cost incurred with respect to the construction or purchase of any office facility which is not acquired for the purpose of influencing the election of any candidate in any particular election for federal office. . . .

This regulation makes clear that a political party committee may accept such donations to a building fund from a national bank, since such a donation does not constitute a "contribution" for purposes of the ban on corporate contributions in connection with any election set forth in 2 U.S.C. § 441b(a) of FECA and part 114 of the Commission's regulations.

The DNC Building Fund is a separate bank account, into which are deposited only contributions designated for the "Building Fund," and the funds in which are used only for a purpose permitted by 2 U.S.C. §431(8)(B)(viii) and 11 C.F.R. § 114.1(a)(2)(ix), i.e., to defray the costs of purchasing the Democratic National Headquarters building. None of the funds in the Building Fund are used in connection with any federal, state or local election or for any purpose whatsoever other than to defray the costs of the purchasing the Democratic National Headquarters building.

For these reasons, a donation to the DNC Building Fund

Mr. Armin art April 24, 1996 Page 2

does not constitute a "contribution" for purposes of 15 U.S.C. § $791\,(h)$, accordingly, a national bank may lawfully make a donation, without limitation in amount, to the DNC Building Fund.

Checks to the Building Fund should be made payable to "DNC--Building Fund."

It should be noted that all contributions to the DNC Building Fund are publicly disclosed on the reports filed by the DNC with the FEC.

It should also be noted that contributions to the DNC Building Fund are not tax-deductible.

If you have any questions or need further information concerning the above, please do not hesitate to contact me at 202-863-7110.

Sincerely yours,

Joseph E. Sandler General Counsel

June 16, 1997

Maria Diaz Senior Vice President--Finance Hamilton Bank 3750 N.W. 87th Avenue Miami, Florida 33178

Dear Ms. Diaz:

This will address the question you raised about the contribution made by Hamilton Bank to the Democratic National Committee on or about April 30, 1996, in the amount of \$50,000.

This contribution was inadvertently deposited in the DNC's non-federal corporate account, but should have been deposited in the DNC's Building Fund account. This was an error by the DNC staff who processed the contribution and does not reflect any mistake on the part of the Bank.

The DNC will immediately transfer this contribution from the non-federal corporate account to the Building Fund, and correct its records accordingly.

If you have any questions concerning the above, or need additional information, please do not hesitate to contact me at 202-863-7110.

Sincerely yours.

Joseph E. Sandler General Counsel

Deputy General Counsel

Miami, Florida 33178

Dear Mr. Seifart:

Per your request, this will confirm that it is lawful for the Democratic National Committee to accept a contribution to its Building Fund account from a national bank.

Section 315(a) of the Federal Election Campaign Act of 1971, as amended ("FECA"), 2 U.S.C. § 441b(a), provides, in pertinent part, that:

It is unlawful for any national bank. . . to make a contribution or expenditure in connection with any election to any political office. . .

FECA provides that the term "contribution", when used in the FECA, is defined to exclude:

any gift, subscription, loan, advance or deposit of money or anything of value to a national or State committee of a political party specifically designated to defray any cost for construction or purchase of any office facility not acquired for the purpose of influencing the election of any candidate in any particular election for Federal office.

2 U.S.C. \$431(8)(B)(viii). The FEC's regulations, 11 C.F.R. \$114.1(a)(2)(ix), further provide that:

For purposes of part 114 and section 12(h) of the Public Utility Holding Company Act (15 U.S.C. 791(h))--...

(2) The term contribution and expenditures shall not include-

(ix) A gift, subscription, loan, advance, or deposit of money or anything of value to a national committee of a political party or a State committee of a political party which is specifically designated for the purpose of defraying any cost incurred with respect to the construction or purchase of any office facility which is not acquired for the purpose of influencing the election of any candidate in any particular election for federal office. . .

This regulation makes clear that a political party committee may accept such donations to a building fund from a national bank, since such a donation does not constitute a "contribution" for purposes of the ban on corporate contributions in connection with any election set forth in 2 U.S.C. § 441b(a) of FECA and part 114 of the Commission's regulations.

The DNC Building Fund is a separate bank account, into which are deposited only contributions designated for the "Building Fund," and the funds in which are used only for a purpose permitted by 2 U.S.C. \$431(8)(B)(viii) and 11 C.F.R. § 114.1(a)(2)(ix), i.e., to defray the costs of purchasing the Democratic National Headquarters building. None of the funds in the Building Fund are used in connection with any federal, state or local election or for any purpose whatsoever other than to defray the costs of the purchasing the Democratic National Headquarters building.

For these reasons, a donation to the DNC Building Fund does not constitute a "contribution" for purposes of 15 U.S.C. § 791(h), accordingly, a national bank may lawfully make a donation, without limitation in amount, to the DNC

Building Fund.

Checks to the Building Fund should be made payable to "DNC--Building Fund."

It should be noted that all contributions to the DNC Building Fund are publicly disclosed on the reports filed by the DNC with the FEC.

It should also be noted that contributions to the DNC Building Fund are not tax-deductible.

If you have any questions or need further information concerning the above, please do not hesitate to contact me at 202-863-7110.

Sincerely yours,

It is unlawful for any national bank. . . to make a contribution or expenditure in connection with any election to any political office. . .

FECA provides that the term "contribution", when used in the FECA, is defined to exclude:

any gift, subscription, loan, advance or deposit of money or anything of value to a national or State committee of a political party specifically designated to defray any cost for construction or purchase of any office facility not acquired for the purpose of influencing the election of any candidate

in any particular election for Federal office.

2 U.S.C. \$431(8)(B)(viii). The FEC's regulations, 11 C.F.R. \$114.1(a)(2)(ix), further provide that:

For purposes of part 114 and section 12(h) of the Public Utility Holding Company Act (15 U.S.C. 791(h))-- . . .

(2) The term contribution and expenditures shall not include-

(ix) A gift, subscription, loan, advance, or deposit of money or anything of value to a national committee of a political party or a State committee of a political party which is specifically designated for the purpose of defraying any cost incurred with respect to the construction or purchase of any office facility which is not acquired for the purpose of influencing the election of any candidate in any particular election for federal office. . . .

This regulation makes clear that a political party committee may accept such donations to a building fund from a national bank, since such a donation does not constitute a "contribution" for purposes of the ban on corporate contributions in connection with any election set forth in 2 U.S.C. § 441b(a) of FECA and part 114 of the Commission's regulations.

The DNC Building Fund is a separate bank account, into which are deposited only contributions designated for the "Building Fund," and the funds in which are used only for a purpose permitted by 2 U.S.C. \$431(8)(B)(viii) and 11 C.F.R. \$ 114.1(a)(2)(ix), i.e., to defray the costs of purchasing the Democratic National Headquarters building. None of the funds in the Building Fund are used in connection with any federal, state or local election or for any purpose whatsoever other than to defray the costs of the purchasing the Democratic National Headquarters building.

For these reasons, a donation to the DNC Building Fund

does not constitute a "contribution" for purposes of 15 U.S.C. § 791(h), accordingly, a national bank may lawfully make a donation, without limitation in amount, to the DNC Building Fund.

Checks to the Building Fund should be made payable to "DNC--Building Fund."

It should be noted that all contributions to the DNC Building Fund are publicly disclosed on the reports filed by the DNC with the FEC.

It should also be noted that contributions to the DNC Building Fund are not tax-deductible.

Dear Sir or Madam:

I am writing to inform you that under California law, any donor who contributes \$10,000 or more in connection with California state and local elections must file a one-page "major donor" report with the California Secretary of State's Office. This applies to all donors to the Democratic National Committee because a pro-rated portion of every contribution made to the Democratic National Committee's non-federal accounts must be allocated to California. For the 1996 calendar year, you have contributed \$7,256.55 to California though your donations to the Democratic National Committee (ID# 930653). Because you have reached this amount, California law requires the Democratic National Committee to notify you of the possibility that you may be a "major donor" in California. If you have made any other non-federal contributions to any California state committees or California state or local candidates during the 1996 calendar year, you may have reached the \$10,000 level and would be required to fill out the enclosed "major donor" form.

If you have not made any additional contributions in California or if your total contributions to California, including the above mentioned amount allocable to the DNC, do not exceed \$10,000, you do not need to do anything at this time. However, if you do need to file this form, it must be returned to the California Secretary of State's office no later than July 31, 1996. A form has been enclosed for your convenience. If you have any questions concerning this matter, please give me a call at (202) 479-5111.

On behalf of the Democratic National Committee, I thank you for your continued, generous support

Sincerely,

Dear Edwardo:

Thank you for your generous contribution to the Democratic National Committee. As you know, Democrats have a great challenge over the next 22 weeks and we must be strong and assertive in meeting it. With your support and assistance, we will move closer toward our goal of re-electing the President and regaining control of Congress in 1996.

Your willingness to be involved in this significant way will make a real difference in our ability to get out our message. Your commitment will be reflected in the vote totals of Democratic candidates across America on November 5, and I am personally grateful to you.

Again, thank you for all that you do for our party. I look forward to working with you to continue the pursuit of our common goals. In the meantime, best wishes.

Dear Eduardo,

Thank you for your recent generous contribution to the Democratic National Committee. We greatly appreciate your continued support of the President's political efforts and the DNC. Your support will greatly assist our efforts to support the 1996 campaign: purchasing media, funding coordinated campaigns and providing campaign training to thousands of supporters across the country. Currently, the DNC is funding a multi-million dollar media project. Your prompt donation assures that this efficient media effort will continue at its aggressive pace.

We at the DNC take pride in establishing a close personal relationship with each of our major supporters. We are especially anxious to assist you in any way possible; from fulfilling personal requests to arranging for meetings and tours during your future visits to Washington and, this summer, working with you to make the Democratic Convention in Chicago the best Convention of the Century.

Again, thank you for your generous support. We look forward to working with you. With best regards,

Sincerely,

Deputy General Counsel
Hamilton Bank

Miami, Florida 33178

Dear Mr. Seifart:

Per your request, this will confirm that it is lawful for the Democratic National Committee to accept a contribution to its Building Fund account from a national bank.

Section 316(a) of the Federal Election Campaign Act of 1971, as amended ("FECA"), 2 U.S.C. \$ 441b(a), provides, in pertinent part, that:

It is unlawful for any national bank. . . to make a contribution or expenditure in connection with any election to any political office. . .

FECA provides that the term "contribution", when used in the FECA, is defined to exclude:

any gift, subscription, loan, advance or deposit of money or anything of value to a national or State committee of a political party specifically designated to defray any cost for construction or purchase of any office facility not acquired for the purpose of influencing the election of any candidate in any particular election for Federal office.

2 U.S.C. \$431(8)(B)(viii). The FEC's regulations, 11 C.F.R. \$114.1(a)(2)(ix), further provide that:

For purposes of part 114 and section 12(h) of the Public Utility Holding Company Act (15 U.S.C. 791(h))-- . . .

- (2) The term contribution and expenditures shall not include--
 - (ix) A gift, subscription, loan, advance, or deposit of money or anything of value to a national committee of a political party or a State committee of a political party which is specifically designated for the purpose of defraying any cost incurred with respect to the construction or purchase of any office facility which is not acquired for the purpose of influencing the election of any candidate in any particular election for federal office. . .

This regulation makes clear that a political party committee may accept such donations to a building fund from a national bank, since such a donation does not constitute a "contribution" for purposes of the ban on corporate contributions in connection with any election set forth in 2 U.S.C. § 44lb(a) of FECA and part 114 of the Commission's regulations.

The DNC Building Fund is a separate bank account, into which are deposited only contributions designated for the "Building Fund," and the funds in which are used only for a purpose permitted by 2 U.S.C. \$431(8)(B)(viii) and 11 C.F.R. § 114.1(a)(2)(ix), i.e., to defray the costs of purchasing the Democratic National Headquarters building. None of the funds in the Building Fund are used in connection with any federal, state or local election or for any purpose whatsoever other than to defray the costs of the purchasing the Democratic National Headquarters building.

For these reasons, a donation to the DNC Building Fund does not constitute a "contribution" for purposes of 15 U.S.C. § 791(h), accordingly, a national bank may lawfully make a donation, without limitation in amount, to the DNC

Building Fund.

Checks to the Building Fund should be made payable to "DNC--Building Fund."

It should be noted that all contributions to the DNC Building Fund are publicly disclosed on the reports filed by the DNC with the FEC.

It should also be noted that contributions to the DNC Building Fund are not tax-deductible.

Section 316(a) of the Federal Election Campaign Act of 1971, as amended ("FECA"), 2 U.S.C. § 441b(a), provides, in pertinent part, that:

It is unlawful for any national bank. . . to make a contribution or expenditure in connection with any election to any political office. . .

FECA provides that the term "contribution", when used in the FECA, is defined to exclude:

any gift, subscription, loan, advance or deposit of money or anything of value to a national or State committee of a political party specifically designated to defray any cost for construction or purchase of any office facility not acquired for the purpose of influencing the election of any candidate in any particular election for Federal office.

2 U.S.C. \$431(8)(B)(viii). The FEC's regulations, 11 C.F.R. \$114.1(a)(2)(ix), further provide that:

For purposes of part 114 and section 12(h) of the Public Utility Holding Company Act (15 U.S.C. 791(h))-- . . .

(2) The term contribution and expenditures shall not include-

(ix) A gift, subscription, loan, advance, or deposit of money or anything of value to a national committee of a political party or a State committee of a political party which is specifically designated for the purpose of defraying any cost incurred with respect to the construction or purchase of any office facility which is not acquired for the purpose of influencing the election of any candidate in any particular election for federal office. . .

This regulation makes clear that a political party committee may accept such donations to a building fund from a national bank, since such a donation does not constitute a "contribution" for purposes of the ban on corporate contributions in connection with any election set forth in 2 U.S.C. § 441b(a) of FECA and part 114 of the Commission's regulations.

The DNC Building Fund is a separate bank account, into which are deposited only contributions designated for the "Building Fund," and the funds in which are used only for a purpose permitted by 2 U.S.C. \$431(8)(B)(viii) and 11 C.F.R. \$ 114.1(a)(2)(ix), i.e., to defray the costs of purchasing the Democratic National Headquarters building. None of the funds in the Building Fund are used in connection with any federal, state or local election or for any purpose whatsoever other than to defray the costs of the purchasing the Democratic National Headquarters building.

For these reasons, a donation to the DNC Building Fund does not constitute a "contribution" for purposes of 15 U.S.C. § 791(h), accordingly, a national bank may lawfully make a donation, without limitation in amount, to the DNC

Building Fund.

Checks to the Building Fund should be made payable to "DNC--Building Fund."

It should be noted that all contributions to the DNC Building Fund are publicly disclosed on the reports filed by the DNC with the FEC.

It should also be noted that contributions to the DNC Building Fund are not tax-deductible.

Dear Eduardo.

On the evening of Wednesday, December 10, the Democratic National Committee is hosting a memorable event for leaders in the Hispanic business community honoring President Bill Clinton and First Lady Hillary Rodham Clinton.

We are delighted to have this opportunity to invite you to become a part of this unique holiday dinner taking place at The Rainbow Room in New York City.

The event promises to be a special one -- this will be the first time that the Hispanic business community is coming together on a national level to show their support for the President and the Democratic Party. This Administration and Party have been consistent in their support and performance on those issues that are important to our community. Now, during this critical time, we must join together to help our Party. Your financial support is crucial because it will determine the competitiveness of the DNC in the 1998 elections and beyond.

There are several ways you can have a role in this dinner — either by taking a leadership role and becoming a Co-Chair or by simply attending. As a leader in the community, your active participation is essential to the success of this dinner.

We hope you will join other significant supporters of the Party in our community in this opportunity to support the President and First Lady. We will call you in the next few days to discuss your interest. In the meantime, if you have any questions, please do not hesitate to call one of us or Yaël Ouzillou at 212-754-6750.

In advance, many thanks for your unwavering commitment and we look forward to sharing the evening of December 10 with you.

Maria Diaz Senior Vice President—Finance Hamilton Bank 3750 N.W. 87th Avenue Miami, Florida 33178

Dear Ms. Diaz:

This will address the question you raised about the contribution made by Hamilton Bank to the Democratic National Committee on or about April 30, 1996, in the amount of \$50,000.

This contribution was inadvertently deposited in the DNC's non-federal corporate account, but should have been deposited in the DNC's Building Fund account. This was an error by the DNC staff who processed the contribution and does not reflect any mistake on the part of the Bank.

The DNC will immediately transfer this contribution from the non-federal corporate account to the Building Fund, and correct its records accordingly.

If you have any questions concerning the above, or need additional information, please do not hesitate to contact me at 202-863-7110.

Sincerely yours,

Deputy General Counsel
Hamilton Bank

Miami, Florida 33178

Dear Mr. Seifart:

Per your request, this will confirm that it is lawful for the Democratic National Committee to accept a contribution to its Building Fund account from a national bank.

Section 316(a) of the Federal Election Campaign Act of 1971, as amended ("FECA"), 2 U.S.C. § 441b(a), provides, in pertinent part, that:

It is unlawful for any national bank. . . to make a contribution or expenditure in connection with any election to any political office. . .

FECA provides that the term "contribution", when used in the FECA, is defined to exclude:

any gift, subscription, loan, advance or deposit of money or anything of value to a national or State committee of a political party specifically designated to defray any cost for construction or purchase of any office facility not acquired for the purpose of influencing the election of any candidate in any particular election for Federal office.

2 U.S.C. \$431(8)(B)(viii). The FEC's regulations, 11 C.F.R. § 114.1(a)(2)(ix), further provide that:

For purposes of part 114 and section 12(h) of the Public Utility Holding Company Act (15 U.S.C. 791(h))--

(2) The term contribution and expenditures shall not include--

(ix) A gift, subscription, loan, advance, or deposit of money or anything of value to a national committee of a political party or a State committee of a political party which is specifically designated for the purpose of defraying any cost incurred with respect to the construction or purchase of any office facility which is not acquired for the purpose of influencing the election of any candidate in any particular election for federal office. . . .

This regulation makes clear that a political party committee may accept such donations to a building fund from a national bank, since such a donation does not constitute a "contribution" for purposes of the ban on corporate contributions in connection with any election set forth in 2 U.S.C. § 44lb(a) of FECA and part 114 of the Commission's regulations.

The DNC Building Fund is a separate bank account, into which are deposited only contributions designated for the "Building Fund," and the funds in which are used only for a purpose permitted by 2 U.S.C. \$431(8)(B)(viii) and 11 C.F.R. \$114.1(a)(2)(ix), i.e., to defray the costs of purchasing the Democratic National Headquarters building. None of the funds in the Building Fund are used in connection with any federal, state or local election or for any purpose whatsoever other than to defray the costs of the purchasing the Democratic National Headquarters building.

For these reasons, a donation to the DNC Building Fund does not constitute a "contribution" for purposes of 15 U.S.C. § 791(h), accordingly, a national bank may lawfully make a donation, without limitation in amount, to the DNC Building Fund.

Checks to the Building Fund should be made payable to "DNC--Building Fund."

It should be noted that all contributions to the DNC Building Fund are publicly disclosed on the reports filed by the DNC with the FEC.

It should also be noted that contributions to the DNC Building Fund are not tax-deductible.

Dear Charles.

Thank you for your recent generous contribution to the Democratic National Committee. We greatly appreciate your continued support of the President's political efforts and the DNC. Your support will greatly assist our efforts to support the 1996 campaign: purchasing media, funding coordinated campaigns and providing campaign training to thousands of supporters across the country. Currently, the DNC is funding a multi-million dollar media project. Your prompt donation assures that this efficient media effort will continue at its aggressive pace.

We at the DNC take pride in establishing a close personal relationship with each of our major supporters. We are especially anxious to assist you in any way possible; from fulfilling personal requests to arranging for meetings and tours during your future visits to Washington and, this summer, working with you to make the Democratic Convention in Chicago the best Convention of the Century.

Again, thank you for your generous support. We look forward to working with you. With best regards,

Mr. Edwardo Masferrer Chairman Hamilton Bank 3750 Northwest 87th Avenue Miami, FL 33178

Dear Edwardo:

Thank you for your generous contribution and tremendous efforts on behalf of the Democratic National Committee in 1996. Your support played an important role in reelecting President Clinton and Vice President Gore, in achieving a significant reduction in Republican strength in the House of Representatives, and in winning impressive victories in gubernatorial and state legislative races. Put simply, your efforts made these successes possible.

During the past election cycle, we dramatically strengthened our financial and political base nationwide. The success of our major donor programs enabled us to put tremendous resources into developing new donors and implementing a successful direct mail program. The investment you allowed us to make during 1996 allowed us to raise over \$120 million collars from over one million donors. We now have a stronger Democratic Party—financially, politically, and organizationally—than we have had in many years.

As we begin the New Year, we are initiating a new fundraising approach. To capitalize on our progress over the past year, we are asking our most faithful supporters to give early to provide a sound financial base for the next stage of our mission—to win the congressional and gubernatorial races in 1998, to improve our technology base, to strengthen our state parties, and, most important, to support President Clinton's policies and initiatives.

Please consider becoming one of the first major donor supporters of 1997. We ask that you make a \$25,000 contribution now toward our 1997 goals. Your contribution will guarantee you a place with full privileges at one of the DNC's galas to be held later in the year in Washington, New York, Los Angeles, or Miami. We have enclosed an envelope for you to send in your check. Please do so as soon as possible.

Thank you for considering this request, and thank you again for your efforts in our successful campaign.

Sincerely,

As we begin the New Year, we are initiating a new fundraising approach. To capitalize on our progress over the past year, we are asking our most faithful supporters to give early to provide a sound financial base for the next stage of our mission—to win the congressional and gubernatorial races in 1998, to improve our technology base, to strengthen our state parties, and, most important, to support President Clinton's policies and initiatives.

Please consider becoming one of the first major donor supporters of 1997. We ask that you make a \$25,000 contribution now toward our 1997 goals. Your contribution will guarantee you a place with full privileges at one of the DNC's galas to be held later in the year in Washington, New York, Los Angeles, or Miami. We have enclosed an envelope for you to send in your check. Please do so as soon as possible.

Thank you for considering this request, and thank you again for your efforts in our successful campaign.

Sincerely,

Donald L. Fowler National Chair

Dear Charles:

I would like to thank you for your generous support and tremendous efforts on behalf of President Clinton's reelection campaign and the Democratic Party. Due to your generosity, we were able to raise a record breaking \$120 million in 1996, surpassing 1992's record by \$50 million. We are extremely grateful for your important role in helping us carry out such key campaign components such as polling, media and get out the vote operations. Each of these were crucial to a successful election.

I have thoroughly enjoyed the opportunity to work with you and thank you once again for your tremendous efforts.

Sincerely,

Dear Charles:

Thank you for joining us for the 1996 Democratic National Convention. We hope that you enjoyed the Convention and the many DNC Finance events and activities organized for you.

What we witnessed -- and indeed, were a part of -- was history in the making. With the nomination of President Clinton, the Democratic Party has moved closer to reelecting the first sitting Democratic president since Franklin Delano Roosevelt's 1936 victory. We are pleased to have had the opportunity to share this historic event with you and hope that, in some small way, we were able to contribute to making it a particularly memorable one for you.

Your support of the Democratic National Committee has been important to the success that the Party has realized thus far and hopes to experience in November. As we enter the final stretch, with only 38 days remaining until election day, we look forward to your continued support. Together, we can and will re-elect President Clinton and Vice President Gore. Together, we can and will see Democrats elected nationwide. Together, we can play a crucial role in building that bridge to the 21st century.

We thank you once again for your tremendous support and efforts.

Very truly yours,
